OUTDOOR SPACES

Set within 3,5 hectares (8 acres) of cultivated fruit and vegetables, the beautiful garden at Babylonstoren is at the heart of the farm.

It was inspired by the historic Company's Garden in Cape Town, which supplied sailing ships of the Dutch East India Company with fresh fruit and vegetables back in the day when the Cape was a halfway station between Europe and Asia. But we also link back to the mythological hanging gardens of Babylon, thought to have been created in the sixth century BC by Nebuchadnezzar, for his wife who longed for the mountains and valleys of her youth. Outdoor areas available for location productions include the garden, 200 hectares of the farm.
